4. SocEnv Update

4.1 Chair's report

The Chair updated members on events that had taken place throughout the year:

The Chair especially thanked the HonSec, Keith Lawrey and the Governance task and finish group for the extensive work carried out on governance during the year and also highlighted:

- The conclusion of the governance review
- Piloting a new route to professional registration
- Championing the celebration of World Environment Day (WED) across the UK
- Contribution to environmental policy through facilitation of and providing the secretariat for the Environmental Policy Forum (EPF)
- Publishing the Greening the Industrial Strategy report
- Awarding CEnv and REnvTech Licences to the Nuclear Institute
- Showcasing our registrants at multiple events including Flood Expo, National Sustainability Expo and Network Harvest
- Supporting the development of environmental apprenticeships
- Launching a webinar programme detailing professional registration and registrants
- Updating our website and social media to focus on promotion of our registrations and registrants.

The Chair thanked the CEO, all the SocEnv staff, our constituent body members and all volunteers and committee members for their extensive contributions throughout the year, which had caused the foregoing to be delivered. It had been an immense workload, but a very productive year.

5. Items for Approval

5.1 Receipt and approval of Annual Report

The Annual Report and Accounts had already been circulated to the members in draft form, for feedback and in-principle ratification.

The Chair noted that updated feedback on this draft report has now been included and the final report had now been approved by the Board for final ratification at the AGM.

The Annual Report and Accounts were received and approved by the members in General Meeting.

5.2 Appointment of 2019 Auditors

The Audit and Risk committee had met by teleconference on 27th March 2019 and minutes had been previously circulated.

Arising from the minutes, the Audit and Risk committee had agreed to recommend that the current Auditors, Burgis & Bullock, continue as Auditors for the 2019 and 2020 audits but continue no longer than a further two years before competitive re-tendering, so terminating by before the 2021 audit.

This recommendation had been reviewed by the Cabinet and it was suggested that Burgis & Bullock use another auditing staff member in the firm for the purposes of carrying out the Society's audit, which recommendation was accepted.

The members in General Meeting unanimously approved the re-appointment of Burgis and Bullock as the Society's Auditors 2019 & 2020, and that the contract is then put out for competitive tender prior to the 2021 audit.

5.3 HonFSE Practice Direction

The HonFSE Practice Direction had been approved by the Board for ratification by the AGM.

CR noted a steady stream of applicants are coming through and reminded members that applications can be taken at any time.

The members in General Meeting unanimously approved the HonFSE Practice Direction.

5.4 CEnv Practice Direction

The CEnv Practice Direction had been approved by the Board for ratification by the AGM.

The members in General Meeting unanimously approved the HonFSE Practice Direction.

5.5 Committee members

The report on Committee members 2019-2020 had previously been circulated to the members in General Meeting for ratification.

The members in General Meeting unanimously approved the report on Committee members for 2019-2020, detailed in paper ix.

5.6 Revised Regulations and Terms of Reference

The Revised Regulations and Terms of Reference had been considered by the Board for approval ahead of proposed ratification by the AGM; the Board had largely approved the documents, subject to a couple of suggested minor amendments as below. The members in General Meeting were invited to approve the documents as amended.

The HonSec proposed to form a standard Board sub-committee responsible for continuous improvement in governance. The group will be formed of three or four Board members together with the Chief Executive and will normally meet twice a year. This group will be responsible for the continual improvement of the Society's governance arrangements.

The Board had discussed the regulations and approved the revised Regulations and Terms of Reference with the following three amendments.

- i. Revised Regulations No. 3: Committee to be named Board and Registration Authority Committee
- ii. Revised Regulation: Honorary Fellows Panel No 3: Amendment of the membership of the Panel to be "normally no less than 5 and up to 7 members" to align with the Practice Direction
- iii. Revised Regulation: Honorary Fellows Panel 9.5: Removal of the sentence "***Those having a registration such as CEnv may alternatively but not additionally use the post nominal FEnv.***" to allow further consideration of this option by the Board at a future meeting.

It was also noted by the Board that the Regulations allow for a minimum of five days' notice for a meeting. The Board agreed that the intention is always to give a minimum of two weeks' notice and in reality, considerably more, with dates planned months in advance. However, the minimum five days was retained in case an urgent meeting should be required in the future. The Board noted this position, and specifically asked that the AGM confirm that it is satisfied with it.

The Board had approved the revised Regulations and Terms of Reference with these amendments and presented them as amended for their ratification by the members in General Meeting.

The members in General Meeting unanimously approved the revised and amended Regulations and Terms of Reference.
